DESIGNING FOR CHANGE

SARASOTA DESIGN CONFERENCE

AIA Florida Gulf Coast

Ben Waechter, AIA

FOUNDER + PRINCIPAL ARCHITECT

SATURDAY, 1:45 PM

Inspired by experiential and clear, distilled design, Ben founded Waechter Architecture (WA) in order to pursue these concepts in his work. Prior to forming WA, he worked locally and internationally with leaders in architecture including Allied Works Architecture (Portland, OR) and world-renowned architect Renzo Piano (Genoa, Italy).

Ben is an award-winning and published designer whose principles lie in providing bold forms arrived at through exercises in concept, distillation, and intelligent programming. His experience includes a wide range of building types: cultural, hospitality, commercial, and multifamily and single-family residential.
